Dear Esteemed Colleagues,

It is with great enthusiasm and honor that we welcome you to IBSCON 2025. The 15th Annual Conference of the Indian Brachytherapy Society will be held from August 29th to 31st, 2025 at the National Cancer Institute (NCI) AIIMS Jhajjar, Delhi, India. NCI AIIMS, Jhajjar is a tertiary healthcare institute dedicated to cancer care. It is one of the largest public funded health care projects in India. The institute is envisaged to bridge the gap in cancer healthcare, providing state-of-the-art facilities to patients and playing a pioneering role in the field of translational research.

This year's theme, "**Transforming Cancer Care: Bridging Evidence & Innovation in Brachytherapy**," reflects our commitment to integrate cutting-edge research, technological advancements, and clinical expertise to redefine the future of brachytherapy. As one of the leading platforms for knowledge exchange, IBSCON 2025 will bring together eminent national and international experts, researchers, and practitioners from across the country and the globe to discuss emerging trends, breakthrough innovations, and evidence-based best practices in the field of brachytherapy.

Dr Aman Sharma
[Organizing Secretary]
